

LESSON PLANS		WEEK OF:		April 28, 2008				
Period	1	2	3	4	6	7	8	
Subject	Alternative Energy	JH Ag/IT	Woods	Construction	Small Engines	Drafting	Tech Ed	
Grade(s)	11 & 12	8	10, 11 & 12	10, 11 & 12	11 & 12	10, 11 & 12	9	
NE SS#								
Monday	Objective	Perform final race preparation.	Design and construct an individual project according to specifications.	Construct project according to plans and show a positive work ethic and an emphasis on quality.	Construct project according to plans and show a positive work ethic and an emphasis on quality.	Perform an engine overhaul on personal engine.	Apply drafting principles to create a complete set of instructions for a Lego toy.	Analyze effectiveness of egg crash vehicle design by performing crash test.
	Activity	Race preparation.	Lab work.	Working on individual wood project.	Digging and setting concrete forms.	Lab work.	Lego piece drawing.	Crash test.
	Assign	None.	Project drawing.	Weekly lab grade.	Concrete forms.	Engine overhaul.	Lego project.	None.
