**Monday**

Objective

Students will be conducting a project where they are to survey at least 60 people with a question approved by me. They then need to create several different representations of the information.

Objective

Students will know the basic transformations and be able to move an object with a given degree and transformation.

Objective

Students will know how to transform formulas to get different results.

ACT Review Questions

Chapter 12 Project

Chapter 11 Review

Lesson 80- Transformations

Chapter 13

Lesson 79- Transforming Formulas

Presentations

pg. 351 #1-30 all

p. 555 P.S. 1-10 all

pg. 447 #1-20 all

p. 528 P.S. 2-30 even

**Tuesday**

Objective

Students will be able to solve equations in terms of other variables. Students will be able to define variables, true-false statements, etc.

Objective

Students will sharpen their skills while working with integers-adding, subtracting, multiplying, and dividing. Students will be able to classify angles and identify complementary and supplementary angles.

Objective

Lesson 6

1.1-1.3 Basic Algebra Review

Chapter 11 Test

Lesson 71-80 Review

Chapter 13 Review

Lesson 80- Adding and Subtracting Mixed Measures/Polynomials

Worksheet

pg. 3 #2-30 evens, pg. 4 #2-30 evens, pg. 7 #1-18 all

pg. 447 #21-44 all

p. 534 P.S. / Review

**Wednesday**

Objective

Students will be able to solve systems of equations by graphing.

Objective

Students will be able to solve systems of equations with one variable by combining like terms.

Objective

Lesson 7

1.4-1.7- Integer Work

12.1 - Angles and Angle Measure

Lesson 71-80 Test

Chapter 13 Test

71-80 Review

Worksheet

pg. 9 #1-10, pg. 11 #2-24 evens, pg. 13 #2-20 evens, pg. 15 #2-20 evens

1-15 all

**Thursday**

Objective

Students will be able to solve systems of equations by using the substitution method.

Objective

Students will be able to simplify expressions with one variable by combining like terms.

Objective

Lesson 8

1.8- Simplifying one variable expressions

12.2- Lines in a Plane and in Space

Investigation #8

Chapter 14-1 Manufacturing

71-80 Test

Worksheet

pg. 16 #2-40 evens

1-30 all

Activity

pg. 459 #3-14

**Friday**

Objective

Students will be able to solve systems of equations by using the elimination method.

Objective

Students will be able to simplify any expression with several variables.

Objective

Lesson 9

1.9- Simplifying Expressions- Several Variables

12.3-12.4- Angle Measures in a Triangle & Naming Triangles

Lesson 81- Using Proportions to Solve Percent Problems

Chapter 14-2 Break-Even Analysis

Investigation #8

Worksheet

p. 18 1-30 all

1-10, 1-9 all

p. 565 P.S. 2-30 even

pg. 462 #3-14

Activity
